Dear Cynthia,

I hope you are well! Thank you for reaching out on this important issue. Library services are vital to our community, and the City Manager and Library Director are working together to find a solution that balances the budget while minimizing the impact to library services.

Feedback in all forms is vital as we go through the budget process. There will be a public hearing on the budget on November 10, 2020 if you would like to weigh in with additional comments.

Thank you again for reaching out and sharing your input. We cannot run a city with excellence unless we are hearing from community members about the needs they see each day.

Yours in Service,

Victoria R. Woodards
